DETAILED ACTION

Allowable Subject Matter

1. Claims 11-18 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:

While Zhao discloses a method for referring to digital watermark information (page 18 lines 15-21) embedded in a mark image (analog document) wherein the watermark includes data (page 19 lines 1-3), and an action definition that includes an action class (page 18 lines 22-25), where the mark image is displayed in accordance with authentication (page 19 lines 12-23), Zhao does not disclose displaying information relevant to the mark image when the displayed image is pointed at. Although it is known in the art to display information when pointing at an image, there is no motivation to imbed that feature into Zhao's active watermark.
